

REMARKS

Applicants would like to thank Examiner Cecilia M. Jaisle for the telephone interview of July 22, 2008.

During the telephone interview, Examiner Jaisle stated that the Amendment After Final, filed on June 26, 2008, will be entered. The Examiner also suggested that the claims be amended to make X' only a NH, and also that applicants change "is absent" to "is a bond" in the claims and in the specification.

Applicants have amended the specification and claims in view of the Examiner's suggestions. Accordingly, applicants respectfully requested allowance of this application.

The amendments to the claims are supported throughout the specification. The amendments to the specification are directed to ministerial changes to conform the English translation of the German language PCT application to standard U.S. chemical language. No new matter has been added.

I. Status of Claims

Claims 1-11 and 38-39 are pending in this application. By this amendment, claims 1-3 and 7-8 have been amended in view of the Examiner's suggestions. Reconsideration is respectfully requested in view of the above amendments and remarks.

CONCLUSION

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact the undersigned at the telephone number listed below to expedite prosecution.

Respectfully submitted,
